NEW FACES ON SIGN ON

In November's 'British Deaf News' we advertised for people who were interested in appearing on SIGN ON. We received more than 50 replies. For the past few months we've been going round the country auditioning people and we've found a lot of talent, some new, some you may have seen before. The four shown here are ones you're likely to see presenting AT LEISURE and YOUR VIEWS. But we'll be featuring many more, as reporters, reviewers and performers.
