Residential Scholl for Jewish Dear children,
Havering House, Milton
Marlborough, Wilts.

Der Mr. S. D. HART,

We thank you very much for your kind letter from 20.7.41 and are happy to hear, that our child "RUTH" is very well. With great interest we read, that she is a good girl and is learning English quite well. We know that she cannot hear, but we were still hoping, that her deafness would become better, because the cause of the defect had probably been a rickets in baby-hood.

We are very glad about the letter of Ruth. But we want to know, whether she has written it without any help or if some one has dictated to her. It would be very much for child of 6 years.

We send our picture, dear Sir, and hope, that you will send a photograph of our daughter.

We would be very much obliged to you, to get a letter every month.

We thank you very much, that you took on behalf of my daughter and the report, we received about her.

We remain

respectfully.

Yours

Alfred and Lilli Danziger
